

Our mission is to inspire a lifelong interest in the performing arts, create ballet dancers of a nationally recognized caliber, and develop model young individuals by encouraging commitment, dedication and the sustained pursuit of excellence in the art of dance.

Ryan and Maartje Lawrence are both highly trained ballet professionals with degrees in dance from The Juilliard School and The National Ballet Academy of the Netherlands, respectively. Their dance careers literally span continents, and teaching experience includes university level instruction, work with professional companies, and the mentoring and coaching of young dancers of the highest caliber.

Maartje is an American Ballet Theatre® Certified Teacher, who has successfully completed the ABT® Teacher Training Intensive in Pre-Primary through Level 7 of the ABT® National Training Curriculum.

MOVEMENT
ARTS
CENTER

2019-2020 Schedule

The Movement Arts Center brings Conservatory style training to the Central Coast.

Living in a small town but still looking for a quality dance education previously only found in larger cities? You can have both. At SLOMAC we provide training from American Ballet Theatre National Training Curriculum® Certified teachers, former professional dancers, University professors, and physical therapists.

We function similar to a professional school for the arts in that we provide a ballet centered program with adjunct classes in both other styles and theory. Student thrive because they are taught with knowledge, passion, expertise, and care as they learn discipline, commitment, and social skills, utilizing strength, love, imagination and compassion..

* Denotes Class with Live Accompaniment

"expertise in teaching combined with a passion to create a love of movement in the students" - Facebook ★★★★★Review

Pre-Conservatory Programs begin at age 2.5 and include **Pre-Primary, Primary, and Level 1 Ballet**. These classes are intended to introduce the student to the art of ballet, familiarize them with the studio, and teach them basic concepts of body and spacial awareness, movement quality, rhythm, coordination, and balance. Students at this age that are interested in taking **Jazz 1** and/or **Lyrical 1**, must be enrolled in and maintain consistent attendance in at least 1 ballet class per week, as Ballet forms the basis for both these techniques.

Level 2 - 5 Conservatory Programs are for dancers age 8 and up who have demonstrated an aptitude, interest, and ability to further their dance studies in a more structured training environment. Students will receive instruction in **Ballet, Pointe, Variations, Modern Technique, Contemporary Repertoire, Music and Dance Theory, Choreography, and Improvisation**. Students must enroll for their selected level's full program of classes and placement is at the school directors' sole discretion.

For questions regarding placement or for more information on our **Pre-Conservatory and Conservatory Programs**, please email us at sloovementarts@gmail.com
